DAVIS IN MOTION: LOCAL GC ANNOUNCES COMPANY-WIDE PROMOTIONS

Rockville, Maryland, April 2012: James G. Davis Construction Corporation's (DAVIS) continued investment throughout its operation has resulted in the largest series of promotions in the company's history.

49 Promotions In Total

HIGHLIGHTED PROMOTIONS

Carl Hirrlinger, Senior Vice President

As Senior Vice President, Carl is responsible for the Commercial, Technical, and Lab Interiors market sectors. **Carl's relentless pursuit of quality across the board is evident in every DAVIS project he has supervised over the past 23 years.** Carl is a perfectionist, a trait that has helped him flawlessly guide clients through all phases of a project. His incredibly dry sense of humor is a definite asset when it comes to overseeing operations staff, and he's a mastermind when it comes to creating value engineering recommendations that help clients meet budgetary and schedule requirements. Carl is active in a number of professional associations including Washington Building Congress (WBC), where he currently serves on the Board of Directors.

Kevin Clark, Vice President – Government Interiors

As VP of Government Interiors, Kevin is responsible for the Government Interiors market sectors. A DAVIS veteran of 14 years, he's a make-it-happen kind of guy. **Kevin has been instrumental in making DAVIS a market leader in specialized construction for government agencies and public sector clients.** His technical know-how is essential to the success of these spaces which often require specialty, secure, and high-tech environments. Having delivered over five million-SF of GSA tenant space, including 25 complex SCIF build-outs, Kevin not only ensures outstanding project quality, but also helps clients navigate the government contracting process – including standards, scheduling, and contract requirements.

Debbi Carter, IIDA, LEED AP ID+C, Vice President – Interiors Estimating + Preconstruction

As VP of Interiors Estimating + Preconstruction, Debbi oversees the estimating and preconstruction for all divisions of DAVIS Interiors with super-human skill. With over 16 years of experience, Debbi is an integral part of each project's success and excels in value. One of

“The past few years have seen more changes in our industry than we at DAVIS have seen in over four decades in business. We have done more than just keep up with the times, we've set the pace,” said Jim Davis, President + CEO of DAVIS Construction, “It is the quality of our people that makes DAVIS successful.”

DAVIS' first LEED AP's, Debbi's portfolio includes projects ranging from LEED Certified to LEED Platinum. With Debbi's help, over 95% of DAVIS projects in 2011 were awarded LEED certifications at every level. A sought after speaker, **Debbi will be presenting at the AIA National Convention & Design Exhibition in May.** Debbi holds a BS in Interior Design from The Art Institute of Pittsburgh, and is active in many local professional and community service organizations, holding committee positions within CREW DC and IIDA Mid-Atlantic.

Dominic Argentieri, Vice President – Construction Planning + Strategies

As VP of Construction Planning + Strategies, Dominic works in conjunction with DAVIS' leadership team to determine the best approach for all base building and renovation projects. With a background in large scale, technically complex base building construction, Dominic has proven to be essential throughout the conceptual and schematic design phases. He works collaboratively with the project team, proactively identifying and solving project challenges ahead of the curve. Highly technical yet creative, Dominic views every element of the project holistically, ensuring that the construction phase is planned and managed flawlessly.

Mark Johnson, Vice President – Risk Management

As VP of Risk Management, Mark is a rare breed – easygoing but fiercely protective of our company's success. A risk management strategy expert, Mark determines the most effective manner to manage DAVIS' exposure to risk, working with industry partners including subcontractors, insurers, and brokerage representatives. Mark has completed Chartered Property Casualty Underwriter (CPCU), Associate in Risk Management (ARM), and Institute of Internal Auditors (IIA) coursework and is an active member of The Risk Management Society (RIMS).

Michelle Christen, Vice President – Accounting + Financial Reporting

As VP of Accounting + Financial Reporting, Michelle is smart, savvy, and meticulous. Her encyclopedic knowledge of DAVIS' financial operations and calm consistency are incomparable, and equally valued by both DAVIS and our industry partners.

Tyler Moyer, LEED AP, Project Manager – Integrated Construction Engineer

Nathan Tait Nelson, Project Manager – Integrated Construction Engineer

As part of DAVIS' Integrated Construction Group (ICG), Tyler and Nathan work directly with the project team to ensure effective implementation of our virtual construction techniques throughout a project's lifecycle. Daily supervisory functions include assisting with preconstruction planning phases, creating RFI responses that clearly illustrate construction challenges and solutions, developing 4D project schedules to communicate and optimize construction sequencing, developing 3D models from contract documents, and managing the models created by the design team, subcontractors, and consultants.
